

CLEANUP GOES
NOT A WEEKMedicos of the County and
Army Say There's Still
Much Work to Do.

At a conference held by Lieut. Col. E. M. Talbot, district sanitary inspector, and Dr. Will Rogers, county health officer, Thursday afternoon, in the office of the former, it was decided that the general cleanup campaign in which federal, county and city health officers are participating, is proving such a success that it should be continued another week, to September 22.

"El Paso is certain to become a great army center after the war," said Dr. Rogers, "and as this is one of the earliest places in the country to keep clean, we should continue to accept the cooperation of the government and strive to make it a model already clean city cleaner."

Dr. Rogers said the cleanup campaign would continue through September 22. The fight is being aimed chiefly at mosquitoes and flies and should be continued until the weather is too hot to permit these pests to breed and the more that are killed in the autumn, the fewer will appear in the spring. To this end, people in the city limits are urged to clear their back yards and alleys and place the garbage and refuse in covered boxes or cans, which will be emptied by city wagons.

Residents of outlying districts are urged to have their garbage removed on a cooperative plan, neighbors making up funds for hiring wagons.

Cash for Boy Fly Killers.
To make the cleanup interesting to the boys of the county, Dr. Rogers offers three cash prizes, as follows: To the boy killing the most flies, \$1.50; second, \$1.00; and third, \$1.00. Proof will be by parents' affidavit. The army itself is continuing the efforts always used at the cavalry camps to keep flies away. Thousands of traps and many gallons of oil are being used in the stables.

Reports Are Invited.
Everyone having knowledge of violations of the sanitary laws should report the same to the county or city officials at once. It was said. This is especially to be urged, which should be clean and effective.

As to the lower valley, where mosquitoes breed, it was reported at the conference that city and county are at work on a comprehensive drainage plan.

Spitters Are Condemned.
Spitting on the sidewalk and in public buildings and promiscuous throwing about of paper were also condemned at the meeting and citizens were called on to abate these nuisances.

As to methods of getting rid of flies the officers recommended awaiting for indoor use and poison for the outside, made up as follows: Formalin, one pint; milk, one can; sugar.

DEMING ROAD
FUNDRAISEDJudge Pool Says Will Make
It \$3500 by Luncheon
Next Tuesday.

The good roads committee of the chamber of commerce, of which Judge Pool is chairman, will meet at a luncheon, to be held at the Hotel Sheldon, Tuesday noon, for the purpose of discussing the improvement of the El Paso-Deming highway and the reopening of the roads leading into this city. All members are being urged by Judge Pool to attend, as a number of other important matters will come up for consideration.

Inspection of the meeting, Judge Pool said Friday morning that he expected to have approximately \$2500 raised by Tuesday for improving this road. At a recent good roads meeting at the chamber of commerce \$1725 of this amount was subscribed.

Work has already been started on the improvement of the El Paso-Deming road. J. D. Newton, deputy sheriff of El Paso county, is in charge and has a large force of men at work.

NEW YORK MOTORISTS SKIRT
U. S. BOUNDARY ON LONG TOUR

After touring from New York city along the Canadian boundary to Seattle, Wash., down the Pacific to Tijuana, Lower California, and along the Mexican border to El Paso, Walter K. Preece and family arrived here Friday morning in their Pierce-Arrow on route home. The trip there, he said, will be of approximately 12,000 miles, which the complete it, counting the side trips. The speedometer has registered 5700 miles.

Mr. Preece said that he found the northern roads in excellent condition and also the Borderland from San Diego to this city. He stated California hotel proprietors informed him that there was more touring to the coast this summer than ever before. Tourists have previously spent their vacations touring Europe.

SURE SHOTS
FOOD SITUATIONWhat and How Much American
People Are Eating Is
Being Ascertained.

Philadelphia, Pa., Sept. 14.—If the department of agriculture's food survey, now in progress, discloses that large sections of the population appear to be eating more than the standard dietary requirement, the government will "be more than ever justified in urging them to curtail for the benefit of our allies." Helen M. Atwater, scientific assistant of the department of agriculture's states' relations service, said here today. She addressed the national conference on the world's food held by the American Academy of Political and Social Science.

Food Survey on August 21.
The food survey was begun on August 21 and was authorized by a recent act of congress. "The results of this first survey," the speaker said, "cannot fail to give valuable information as to what food materials the country possesses and where located; but these responsible for it consider it chiefly useful as testing out the machinery for the second survey which it is planned to make in November or December."

"This is to be accomplished in two ways. The first is called a food consumption survey, and in the preliminary survey was made with the cooperation of the 2500 housekeepers visited for the household stocks records. Each was asked to keep a daily record of the food used by her family for seven days. Blankets were provided on which all the common food materials were listed in a way which she would understand, and she was simply asked to put down the amount of each in the space provided. Entries were made of the age, sex and occupation of the members of the household, their guests, the number of meals eaten by each. As much information as possible was collected regarding the health, racial stock, income and general economic condition of the family."

Another Type of Records.
"For more accurate information as to the kind and amounts of food consumed, another type of records has been provided. These are known as dietary studies and any intelligent senior in college course in home economics should be able to conduct one. All the food on hand at the beginning of the study, all that is prepared during the course, and all remaining at the end, are carefully weighed and recorded. All waste and refuse are also noted. From these the amount of each food material actually used is determined. The percentage composition of each is then obtained from standard tables and the protein, fat, carbohydrates and energy provided are calculated. In these studies accurate note is made of the age, sex, weight, general condition and occupation of the different members of the family."

"In spite of high prices and general dislocation of the usual sources of supply, large sections of our population appear still to be eating more than the standard requirement, we may find that in many, perhaps the most sections of the country, our food habits have not yet been disturbed to any important extent."

TODAY'S AMUSEMENTS.

GRECIAN "IDOLATORS" LAST DAY.
Louise Glaum will be seen at the Grecian today for the last time in her new play of massive magnificence. "Idolators" today. In this picture Miss Glaum appears as a seductive siren—self adoring, void of heart and soul, who cares nothing for conventionalities, who desires fame, fortune and admiration and who doesn't care what she has to do to gain her ends. The production is gorgeously staged and the gowns worn by Miss Glaum are more wonderful than any she has ever displayed.

There is a powerful lesson in this picture pointed out in the contrast of two girls, one good, the other bad, and how both reach their goal, yet virtue's victory is proven to be not only the most satisfying but the surest and most lasting.

Next Monday the Grecian offers divine Dorothy Dalton in her first play since "The Flame of the Yukon," "Ten of Diamonds."—Adv.

ALHAMBRA—MIRIAM COOPER.

Those who like a story that is a story, with action full of suspense, interest and surprise, must see Miriam Cooper in "Betrayed" today. It is a Mexican border story and tells of little Benito's dreams of love. She begins by promising to marry one man, before the story has ended she has promised to marry three. Carmelita is truly feminine in the ease with which she changes her mind and casts off the old love for the new. The battle scene at the finish is a work of art.

It was previously announced that Margaret Clark in "Flame of the North," would be the bill for today. This film will not be shown, as it is a release and not up to the Alhambra standard. Instead the attraction will be, Miriam Cooper in "Betrayed." Prices are 10c, 15c and 25c.—Adv.

VIOLA DANA—UNIQUE.

Viola Dana in "The Girl Without a Soul" will be featured today at the Unique for the last showing. Miss Dana will gain many admirers as a result of her splendid work in this picture. Cast in the dual role of twin sisters whose temperaments are entirely different, she does excellent work in delineating the two characters in the scenes, where, by means of double exposure, both appear simultaneously on the screen. The British war pictures are also a part of today's program.

Emmy Wehlen, in "Sowers and Reapers" will be here tomorrow and Sunday. "Sowers and Reapers" is a picture that has been universally liked, as portrays a story that contains, containing mirth, pathos and thrills.—Adv.

VISIT THE BIJOU.

An entertaining bill will be presented at the favorite picture show, the Bijou, today. "Universal Current Events Reel," the best of all the news reels released, a "Big 'V'" comedy entitled "Slips and Slickers" and Bobby Connolly, the child wonder of the screen, in a very clever manner will complete the program.

"Stingaree" will be here tomorrow as usual. Sunday a special is to be shown. Clara Kimball Young and Earl Williams will be seen in "Her Husband," a drama of merit. It shows how even the youngest girl's folly darkened the sunshine of her youth.—Advertisement.

WIGWAM—A STORY OF TEXAS.

Popular Harry Carey will be seen at the Wigwam today in a story of western Texas entitled "The Texas Spinster." It is a story of a bad man in the cattle country. There will also be a good comedy on the program.

C. C. DIRECTORS MEET TONIGHT.

Directors of the chamber of commerce will meet tonight at 7:30 o'clock to complete unfinished business. Owing to the lengthy discussion on the advisability of securing the proposed United States army recuperation camp at the Tuesday meeting, the regular routine of business was not transacted.

AT THE WHITE HOUSE SATURDAY

The Opening Of Our Enlarged
ECONOMY BASEMENTWill Mark A New Epoch
In Value-Giving--Saturday

WITH the enlargement of our ECONOMY BASEMENT—making it by far the largest "Down Stairs Store" in El Paso—we are now prepared to properly serve the enormous throngs of shrewd shoppers who visit this busy Basement each day. And with the enlargement of the Basement came mammoth new Fall and Winter stocks for Women, Misses and Children. Our Buying Organization has searched the great market centers for worthy, dependable merchandise at very low prices. How well it has succeeded you will realize when you visit our ECONOMY BASEMENT tomorrow. While dozens of specials are quoted below—these represent only a fraction of the UNADVERTISED SPECIALS which will greet you Saturday morning. The store opens promptly at 8:30—be here when the doors open. Wide, easy stairways and safe electric elevators lead directly into the Basement. "Shop Down Stairs—Save Money."

Does Your Husband Drink?
Druggist Tells How To Cure
The Liquor Habit At Home

Free Prescription Can Be Filled At

Any Drug Store And Given Secretly

H. J. Brown, a Cleveland man, was for many years a confirmed drunkard. His friends and relatives despaired of ever releasing him. His sister sought the best medical men in Europe in the hope that she might find something which would cure him. Finally she was recommended to an eminent chemist, who gave her a private formula (the same as appears below) and told her how to use it. She had it filled at the drug store and gave it to him secretly. The results were startling. In a few weeks he was completely cured. That was over eight years ago and he has not touched a drop since. He now occupies a position of trust and is enthusiastic in his efforts to help others overcome the liquor habit. He feels that he can best do this by making public the formula which cured him. Here is the prescription: Go to any first-class drug store and get Fresh's Tonic and give it to him secretly. The results were startling. In a few weeks he was completely cured. That was over eight years ago and he has not touched a drop since. He now occupies a position of trust and is enthusiastic in his efforts to help others overcome the liquor habit.
